

Dawson James 3rd Annual Small Cap Growth Conference
October 18th - 19th 2017

Please join us for a Panel Discussion:

“The Convergence of Artificial Intelligence and Healthcare New Developments in Precision Medicine”

Breakthrough Artificial Intelligence and Deep Learning Engines are now being used to accelerate and update clinical trial matching for improved patient outcomes and survival rates. Our panelists will discuss how these exciting technologies combined with state of the art genomic and biomarker data can change outcome curves and extend patient lives.

Panel Discussion Date and Time: Wednesday October 18th at 5pm
The Wyndham Grand Jupiter at Harbourside Place, Jupiter, Florida

Panel Host: Panna Sharma, CEO of Cancer Genetics (Nasdaq: CGIX)

Panel Participants:
